## EXPERIENCE

### Claims Analyst

#### Carelon Global Solutions

January 2023 – March 2025

Gurugram, Haryana

- Utilized analytical tools to review, validate, and process large datasets of insurance claims with high accuracy, demonstrating strong attention to detail and data integrity.
- Investigated and resolved discrepancies in claims, Resolved 100+ claim discrepancies monthly, improving turnaround time by 20
- Communicated effectively with clients and stakeholders to address inquiries and provide solutions, demonstrating excellent communication skills.

### Web Development (Internship)

#### Codemunch

July 2022 – December 2022

Remote

- Developed responsive web applications using React JS, implementing component.
- Built RESTful APIs with Node JS and Express, enabling seamless client-server communication.
- Created database schemas and implemented CRUD operations using MongoDB/SQL.

## PROJECTS

### College Website

#### HTML, CSS, JavaScript, PHP, My SQL

October 2021 – January 2022

- Front-End Development:** Built responsive user interfaces using HTML, CSS, and JavaScript for optimal user experience across devices
- Backend Development:** Implemented server-side logic using PHP and established MySQL database connections through XAMPP.

### Medical Chat Bot

#### Python, OpenAI, API, Flask, Lungchain

- Developed an intelligent medical chatbot leveraging OpenAI and Generative AI to provide healthcare-related assistance.
- Designed and implemented back-end logic using Python for efficient data management and query handling.
- Integrated APIs to enable real-time interaction and knowledge retrieval for medical advice.

### Audio Transcript

#### Python, Assembly API, Flask

- Built a speech-to-text transcription service using Flask and AssemblyAI, simulating media decoding workflows. Enabled real-time audio parsing and text rendering via REST APIs.

## EDUCATION

### MCA in ML and AI

#### Amity University

January 2024 – January 2026

### BCA in Computer Science

#### Naraina College of Management

July 2019 – July 2022

## SKILLS

Python

ReactJS

Express

Bootstrap

NodeJS

HTML

CSS/Bootstrap

Figma

GitHub/CI-CD

MongoDB

API

Jupyter

## COURSEWORK

Data Structure and Algorithms

Machine Learning

Linear Algebra

## CERTIFICATION

- JavaScript Rules Functions and HTML Elements - Elevance Health
- Python Programming - Li-Mat Soft Solutions Pvt Ltd
- SQL - Hackerrank
- Common Internship Test - Logical Reasoning, Algebra

## ACHIEVEMENTS

- At Carelon Global Soutlions, I was recognized as 'Employee of the Month' for optimizing processes and improving team performance.

## INTERESTS

- Traveling
- Photography
- Video-gaming
